

FLYING HIGH BALLOONS

What you need:	Blown up balloons
Music requirements:	None
Age suitability:	3+

All the children form a line next to each other facing the same direction.

Place a long piece of yarn or rope or make an area of the yard that they have to pass through.

Give each child a blown up balloon – the more colours the better as each child will be able to tell which balloon is theirs. You can get the children to draw a face on their balloon to start with for some extra fun.

When you shout “Go” all the children have to hit their balloon into the air to keep it afloat heading towards the finish line / area. If their balloon touches the floor or they hit someone else’s balloon they have to return to the start line.

The first one to cross the finish line / area is the winner (if you are playing for a winner).

Try to make all balloons the same size and shape to make it fair.
