

LILY PADS

What you need: Green circles cut from cardboard in the shape of lily pads

Music requirements: Yes

Age suitability: 3+

Another version of musical chairs.

You place a number of lily pads around the room and each child sits on a lily pad. When the music starts each child leaps around like a frog. You then periodically stop the music. When the music stops each child has to hop onto a lily pad. After each round you remove one lily pad. The child who doesn't get a lily pad has to sit out.

The last child in is the winner.
