

MAKE ME LAUGH

What you need: none

Music requirements: None

Age suitability: 4+

This is a silly game that makes children laugh. It is a good way for children to get into the swing of things. The children form a circle with one child sitting in the middle of the circle. The children around the circle have to make the child sitting in the middle laugh. They aren't allowed to touch the child in the middle but can make silly faces or noises. As soon as the child sitting in the middle smiles or laughs they are out and another child has a turn being in the middle. If you want to have a winner it will be the child who can keep a straight face the longest.

If you don't want the game to last for a long time get the children form two lines facing each other or two circles one inside the other facing each other.
