

# PAPER MACHE

## INGREDIENTS

1 part flour  
2 parts water

## METHOD

1. Mix flour and water well together in large bowl. Ensure there are no lumps. It needs to be runny like a white glue and not thick like paste. Add more water or flour as necessary.

## HANDY TIPS

1. A few tablespoons of salt will help prevent mould if you live in an area with high humidity.
2. This mixture can be stored in the fridge for a couple of days with an airtight lid.
