

TEDDY HUNT

What you need: teddy bear

Music requirements: None

Age suitability: 2+

Hide the teddy somewhere before the children get to the party or hide the teddy whilst the children are occupied with something else.

Tell the children what teddy they are looking for and then send them hunting. When they get close you tell them they are getting warmer or if they move away tell them they are getting colder. Whoever finds the teddy gets to hide it for the next round.

If the teddy is unusual then show the children before they start or a picture of the teddy.

This game can be adapted for any theme by using different objects (see other game – Object Hunt).
